

SILVERLINE BUDGET LIFTING EQUIPMENT

MANUAL HANDLING ON A BUDGET

Our Silverline series sets a new standard for non-bespoke lifting tables. You get craftsmanship at a low price and easy access to spare parts. A lifting solution can provide a solution whenever heavy lifting, awkward working positions and height variations is a challenge. The Silverline lifting solutions are available in painted steel.

The 15 models include both lifting trolleys, low profile lifting tables, double scissor lifting table and ordinary lifting tables. All models are delivered in a grey RAL 7031.

See more technical specifications about the budget Silverline models on the next page or find more information at www.translyft.com

The Silverline lifting tables are perfect as work tables for heavy objects.

Lifting tables makes palletising easier and let you work in an ergonomic height.

A lifting trolley is perfect for picking products and moving objects from A to B.
